

CASE MANAGEMENT BRIEF

1. Risk Profile

Overall Risk Level: Medium

Top 3 Criminogenic Domains:

1. Education/Employment (Score: 4)
2. Alcohol/Drug Problem (Score: 4)
3. Companions (Score: 1)

Domain Indicators:

- **Education/Employment:** Currently unemployed with a recent gap due to incarceration; nevertheless, possesses a Bachelor's degree and significant stable work history.
- **Alcohol/Drug Problem:** History of three or more DUIs which directly resulted in job loss and a one-year incarceration. Acknowledges alcohol was a problem and reports currently abstaining/cutting back.
- **Companions:** Endorses having some criminal acquaintances (likely due to recent incarceration) but maintains a robust network of prosocial, professionally successful friends.

2. Behavioral Indicators

- **Typical Triggers:** Stress or irresponsible habits leading to alcohol misuse; self-reported "attitude" was identified as a potential barrier to daily consistency.
- **Escalation Tendencies:** Low risk for escalation or violence; tends to ignore disrespect and avoids physical conflict.
- **Decision-Making Patterns:** Previously demonstrated poor judgment by repeatedly drinking and driving, though generally structured, budget-minded, and goal-oriented in other life areas.
- **Authority Response Style:** Cooperative and respectful; extensive history of positive interactions with bosses, military authority (Navy Reserve), and community leadership (Methodist men president).
- **Substance Relapse Patterns:** Alcohol use has historically led directly to legal consequences (DUIs). No history of illicit drug use.

3. Pattern Over Time

- **Age at First Justice Involvement:** 27
- **Number/Frequency of Incarcerations:** 1 (June 2025 - June 2026).
- **Recidivism Timing Patterns:** Recurrent DUIs over his adult life prior to his recent incarceration.

- **Escalation or Stability Trends:** A highly stable baseline trajectory (college degree, homeownership, long-term employment) that was severely disrupted by a cluster of DUI convictions.
- **Supervision Violation History:** None; compliant with current state probation and child support.

4. Acute / Emergency Needs

No acute needs identified at intake.

5. Stability Factors

- **Housing Stability Level:** Extremely stable; owns his own home.
- **Driver's License Status:** Suspended (creates reliance on family for transportation and limits job placement options).
- **Education Credential Status:** High (Bachelor's Degree in Sports Management, Business Minor).
- **Recent Substance Use:** Reports stopping/cutting back on drinking; no drug use history.
- **Employment History Pattern:** Highly stable prior to incarceration (8-9 years at Nucor, 8 years Navy Reserve).
- **Supervision Intensity:** On state probation until 2028.

6. Legal & Placement Constraints

- **Pending Charges:** None.
- **Court Obligations:** Active state probation; court-ordered child support (verified as current and compliant).
- **Supervision Restrictions:** Standard probation conditions.
- **Sex Offender Registry Requirement:** No.
- **Movement/Contact Restrictions:** None noted, though lack of a valid driver's license restricts independent mobility.

7. Responsivity & Engagement Profile

- **Literacy Limitations:** None; college-educated and proficient in various administrative software programs.
- **Cognitive Considerations:** Intact, highly adaptable, and a self-described quick learner.
- **Trauma Reactivity:** No signs of trauma reactivity; manages conflict by ignoring instigation.
- **Authority Sensitivity:** Responds well to authority and structure; values stability.
- **Motivation Style:** Goal-oriented, motivated by stability, career growth, and regaining structure in his life after an unexpected incarceration.
- **Learning Preferences:** Capable of self-directed learning and standard instruction; adaptable to both front-office and manufacturing environments.
