I can do anything with gutters—5-inch and 6-inch machine operations, custom spouts, and full machine maintenance. I can also operate heavy machinery: loaders, excavators, skid steers, front-end loaders, and a Rotochopper. I've done landscape work and manufactured mulch from scratch with Peterbilt blower trucks. I am a former certified forklift operator and worked at Target Distribution Center. I enjoy physically demanding work where I can earn high wages. I get along great with bosses and coworkers when I am sober. I enjoy being a team player.

Question 20: Why did you leave any of the jobs you have had?

Every job I've ever lost was because of my own fault—relapsing. It usually starts with drinking, which leads to drugs and partying. Then I start oversleeping my alarm, showing up late, and my work performance drops. That's why I lose jobs.

Question 21: Are you single or in a relationship?

I'm engaged to a beautiful 37-year-old Christian Queen. Me and her follow the Lord and His will for our lives. She's been in my corner throughout this battle against addiction. We have not set a wedding date, and we are not going to move in with each other until we are married.

Before I met my fiancée, I was single for almost 3 years. That was the period of greatest personal and spiritual growth in my adult life. It was just me and God out there. Alcohol and drugs have plagued me since the age of 13. Even before I started using, I had to attend Al-Anon because my dad was an alcoholic. So alcohol has been an enemy of mine since childhood. It has caused me to waste many years of my life, but I am fully committed to my sobriety today.

Yes, extremely severe. I was high and drunk when I got shot in the chest, and as a result, I lost half of my left lung. It is a constant reminder of where active addiction leads.

Yes, absolutely. I'm in a decent amount of debt right now because of the decisions I made while active on drugs and alcohol.

I don't have a personal budget in place yet, only because I am not receiving any steady money. When I do have income, I follow budgets very well.

Question 103: Is there anything else that will hinder or hold back your progress?

I am very mindful that I am my own worst enemy. Only I can stop myself. I need to stay vigilant, maintain my recovery, and avoid environments where people are using drugs.
